Subject: KVIA and raises

Team:

KVIA is doing (another) story on the salary increases.

Brenda de Anda, the news director, is wanting to work on a story basically claiming that the county comparisons are not legitimate because they have a higher tax base, higher population, etc. than El Paso.

I told them to look at Hidalgo as an example – another border county whose salaries are higher than ours.

Melissa, they may be contacting you for further information.
