Subject: per capita income for TX counties.xlsx and today's Public Works overview
Attachments: per capita income for TX counties.xlsx

Good Morning!

A couple members of the court have asked me for this information since we have discussed elected officials' salaries. The attached spreadsheet shows per capita income for the same counties that were used in the presentation by Public Sector Personnel Consultants. Please let Melissa or me know if you have any questions on this.

Also, Pat Aauto had a family emergency with her in-laws over the weekend and may not be able to attend today's meeting. Norma Rivera-Palacios will attend if Pat is unable to be here.

Betsy
